 **Hold+Harmless+Agreement NW 3-27-2015.doc**  
32K

## **HOLD HARMLESS AGREEMENT**

This Hold Harmless Agreement is entered into between Clarkston Corners, a Michigan Corporation (“Corners”), of 39 S. Main, Suite 20, Clarkston, MI 48346; the City of the Village of Clarkston, a Municipal Corporation (the “City”), whose address is 375 Depot Street, Clarkston, MI 48346; and Hubbell, Roth & Clark, Inc., a Michigan Corporation (“HRC”), whose address is 555 Hulet Drive, P.O. Box 824, Bloomfield Hills, MI 48303-6364.

Pursuant to the Conditional Rezoning Agreement with the City dated July 16, 2014 and site plan approved by the City, Corners is developing and the Subject Property located in the City of the Village of Clarkston, Oakland County, Michigan, described as:

Lot 50 Supervisor’s Plat of Section 20 of Independence Township, T4N R9E

Commonly known as 148 N. Main Street, Clarkston, MI 48346. Parcel no. 14-08-20-252-007.

Corners has presented plans to construct a storm water retention basin at the Subject Property, together with information from Corner’s engineers and environmental consultant concluding the pre-existing contamination plume on the Subject Property will not be pushed by the proposed storm water system. This information has been reviewed and approved on behalf of the City by HRC, the city’s engineers, except there is a concern, despite the information supplied by Corners, that the known pre-existing contamination plume, created prior to the ownership of the Subject Property by Corners, could be pushed and therefore expanded by the proposed storm water system such that the known pre-existing contamination, originating from the Subject Property, could spread more or in a different way than it would have without the proposed storm water system. As a result the City has required that Corners provide this agreement to it.

Based on these facts and circumstances, the parties agree to the following:

1. *Owner’s Responsibilities After Installation.* That Corners shall remain solely and fully responsible for the operation, maintenance and repair of the storm water system on the Subject Property.
2. *Indemnification and Hold Harmless.* To the fullest extent permitted by law, Corners agrees to defend, indemnify and hold harmless HRC, the City and its elected and appointed officials, employees and agents against any claims, demands, suits or losses, including any costs and attorney fees connected therewith, and for any damages which may be asserted, claimed or recovered against or from the City and its elected and appointed officials, employees or agents, by reason of personal injury, death or property damage resulting solely from the known pre-existing contamination plume created prior

to the ownership of the Subject Property by Corners, originating from the Subject Property, being pushed and therefore expanded by the proposed storm water system such that the known pre-existing contamination has spread more or in a different way than it would have without the proposed storm water system.
