Jonathan,

This is an excellent report, very detailed and thorough in its discovery.

It's so good to get these malingering questions answered. That's why we have our code enforcement officer, to help you accomplish closure. I hope in the weeks to come she will be able to inform us of the "acceptable" status of the rest of the troubled properties on her list, at least with an ongoing plan for their timely resolution.

In the case of the bed-and-breakfast, is there an annual inspection, or anything like that relative to the court order, for that property to be maintained as a bed-and-breakfast?

Thanks for this excellent work!
